

## Geberit Silent-db20 Bogen

Beispielbild

### Verwendungszwecke

- Zur Gebäudeentwässerung
- Für Gebäude mit erhöhten Schallschutzanforderungen

### Eigenschaften

- Kürzbar
- Schenkel lang

- Hochschalldämmend

### Technische Daten

|                          |               |
|--------------------------|---------------|
| Maximale Lagertemperatur | 40 °C         |
| Werkstoff                | PE-S2         |
| Wärmeausdehnung          | 0.17 mm/(m·K) |
| Wärmeleitfähigkeit Rohr  | 0.43 W/(m·K)  |
